

## Agribusiness and Advisor Field Day

**Wednesday 17 October, 2012**  
**Wagga Wagga Agricultural institute**

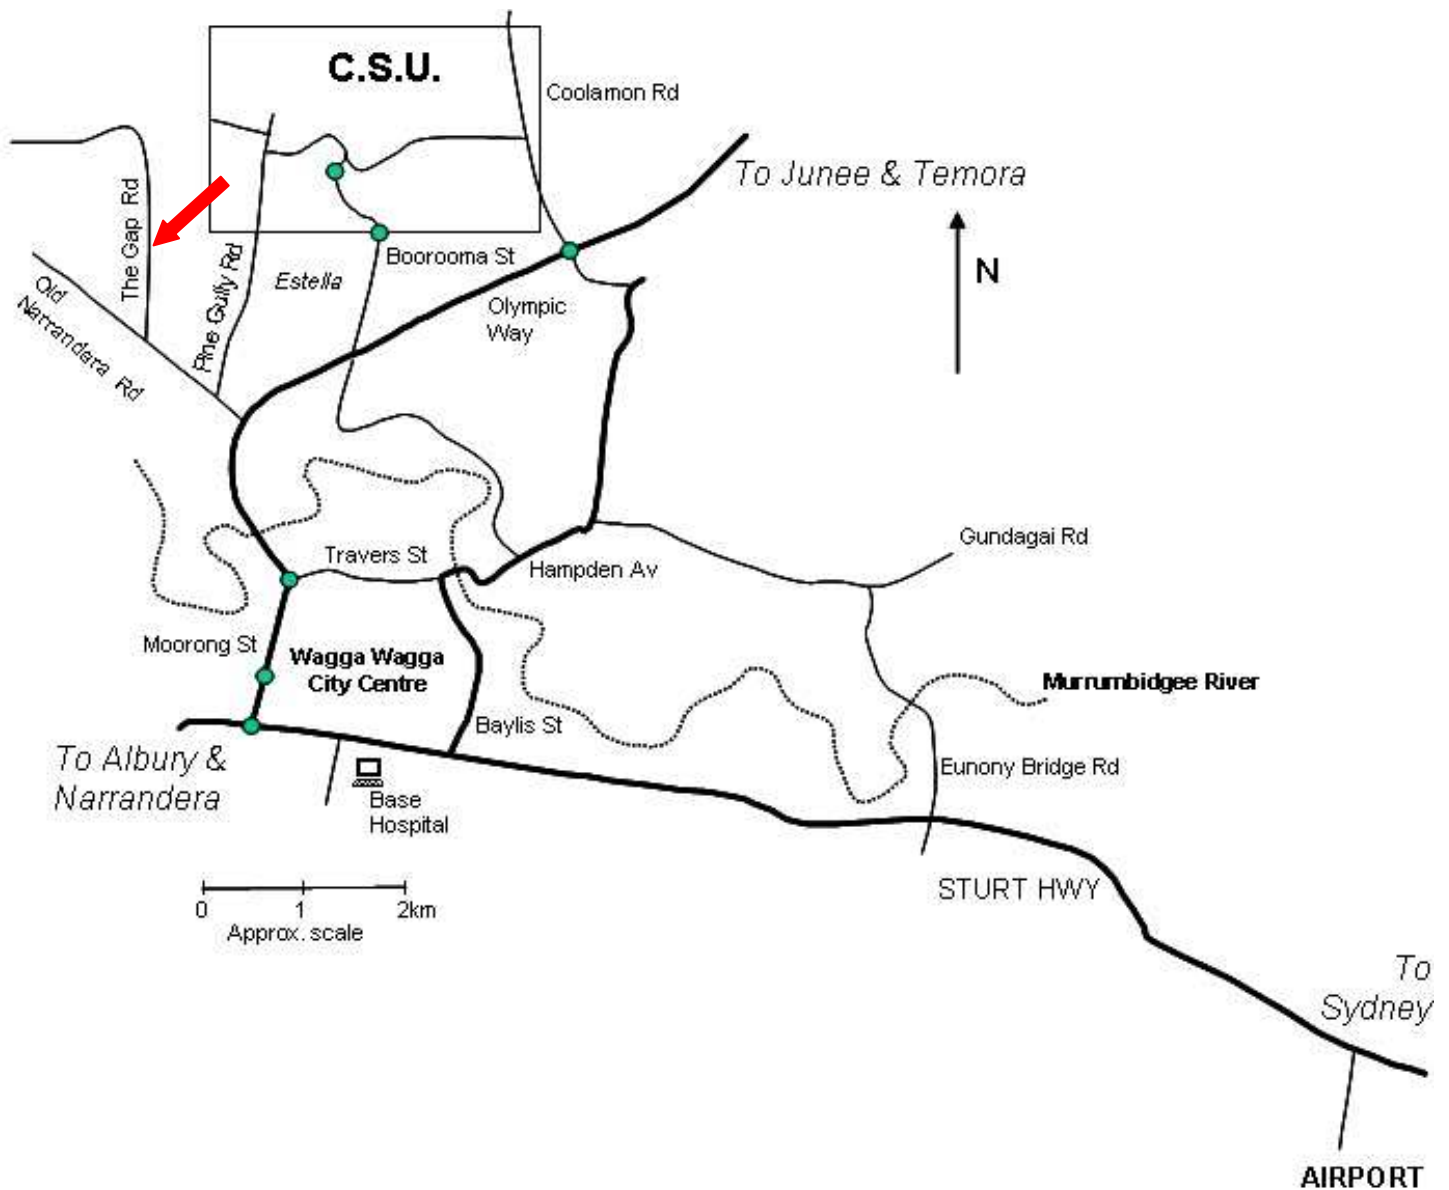

We will meet at the first trial site on The Gap Road (see attached map) to start at **9.30am SHARP**. The trial site will be signposted so look out for the field day signage.

### Program

Time	Experiment	Researcher
9.30 – 9.50am	Wheat – sowing time x variety	Dr Peter Martin, Research Agronomist, NSW DPI
9.50-10.10am	Wheat – nitrogen x variety	Dr Peter Martin
10.10-10.30am	Canola – variety x sowing time x seeding rate	Dr Peter Martin
10.30-11.10am	1. Wheat – stripe rust x time of sowing x resistance levels (30 varieties) 2. Wheat – Fungicide treatment x resistance levels x time of sowing	Dr Andrew Milgate, Senior Plant Pathologist, NSW DPI
11.10-11.20am	Travel	
11.20-11.40am	Wheat – yellow leaf spot resistance of NVT entries	Dr Andrew Milgate
11.40-12pm	Wheat – Resistance level and yield loss	Dr Andrew Milgate
12-12.10pm	Travel to DPI offices	
12.10-12.30pm	Wheat and barley – Sowing time and herbicide tolerance	Mr Peter Lockley, Technical Manager, NSW DPI
12.30-1pm	Lunch (DPI offices)	
1-1.20pm	Feedback/evaluation	Dr Peter Martin / Toni Nugent, Public Relations Manager, Graham Centre
1.20- 1.30	Travel	
1.30-1.50pm	Canola – drought tolerance screening	Dr David Lockett, Senior Research Scientist, NSW DPI / Ray Cowley, Research Agronomist, NSW DPI
1.50-2.00pm	Travel	
2.00-2.20pm	Green manure – time of sowing x variety x species	Eric Armstrong, Research Agronomist, NSW DPI / Luke Gaynor, Research Agronomist (Pulses), NSW DPI
2.30-2.40pm	Travel	
2.40-3pm	Canola – Blackleg nursery	Dr David Lockett / Ray Cowley
3.00- 3.30pm	Population dynamics of wild radish control	Dr Hanwen Wu, Senior Research Scientist

# Directions to trial site 1 for Agribusiness and Advisor Field day

 Shows the location and meeting place for trial site 1.
