Better Sunflowers

One-day certified agronomic workshops for growers, agronomists and advisers

When: Tuesday, 31 July 2012

Location: Kidman Wayside Inn, Griffith

Gain the technical skills and knowledge to achieve reliable and profitable Sunflower production in 2012 by attending the Better Sunflower workshop presented by the Australian Oilseeds Federation, the Australian Sunflower Association and the Grains Research Development Corporation. The day includes a mix of theory, demonstrations and hands-on activities. All participants attending the workshop receive *The Big Yellow Sunflower Pack*, a comprehensive folder containing the latest research on sunflower production in Australia. The course will be tailored to NSW conditions.

The workshop consists of 8 modules written and delivered by acknowledged industry experts: Marketing; Plant Growth and Development; Agronomy, including Irrigation Management; Weed Management; Disease Management; Insect Management; Harvesting; Safe Storage *plus* an interactive session Sunflower in the Rotation.

Cost: Early Bird Rate \$120.00, Full Rate (Registration after 30 June) \$135.00 per person
Course cost includes all course materials and meals, excludes accommodation.

To register your interest, please complete the form below and fax to (07) 4982 1130 or email your details to bluedogag@bigpond.com.au. You will be contacted prior to the planned course to confirm your participation and arrange payment.
