

Farming together.

NATIONAL FORUM 2017

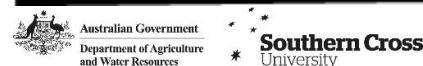

ADELAIDE CONVENTION CENTRE, JUNE 6-7

The **Farming Together** forum is a gathering of farmers and farm service specialists sharing knowledge and experiences in successful collaboration. No cost, sponsored by the Australian Government, and includes all refreshments.

- > **NETWORK** and grow your contact base
- > **MAKE MONEY** from your farm data
- > **MEET** other farm-based groups
- > **LEARN** from 'hands-on' experts
- > **ADD VALUE** along the chain
- > **WITNESS** real-life stories

WANT TO START A CO-OP? BUT DON'T KNOW WHERE TO START?

The *Farming Together* program has developed the Australian-first online tool, the **Farm Co-op Builder**.

We will be launching it at the Adelaide forum on June 6. Please come and join us at this exciting event.

Discover how to use the **Farm Co-op Builder** to:

- **Make** it easier to put together the key paperwork you need to register as a co-op
- **Help** plug the information and resources gap for farmers and the experts advising them
- **Learn** how to write a compliant constitution (the rules for how the business operates) and disclosure statement (how the co-op will put the money together from its member investors)

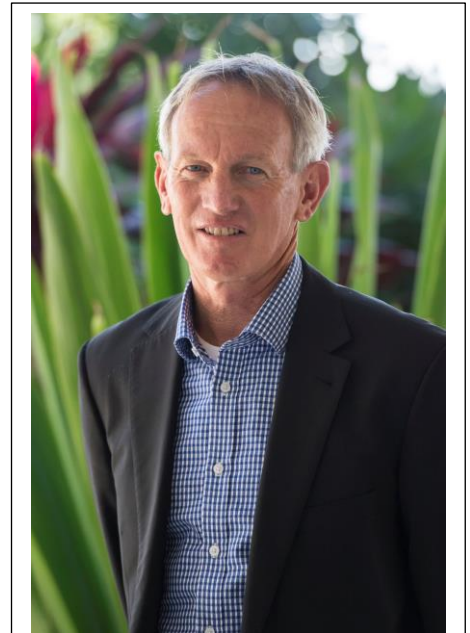

The **Farm Co-op Builder** has been developed in conjunction with Australia's peak body for co-ops, the Business Council of Co-operatives and Mutuals.

It has been written by some of the country's leading experts in co-op law and co-operative education.

The **Farm Co-op Builder** is free and will link to other industry resources.

Experts will be attending the forum to help explain how to use the **Farm Co-op Builder**.

Get the information, get the head-start, and get your group going!

'The Farm Co-op Builder is a huge leap forward in one simple, free, online tool and we look forward to seeing more co-ops able to get set up and running with this new resource' – Greg McNamara, chairman, NORCO milk co-operative
