

# FOX BAITING PROGRAM – FREE BAIT

## Participation is now your legal responsibility!

The European red fox is now a declared pest species in NSW meaning there is now a **legal requirement** for public land managers and private landholders to control foxes on their land.

The most effective and efficient control is achieved through a group control program.

The Cross Property Project is offering **FREE baits** to project landholders and **50% off the cost of baits** for other landholders in the area (up to 100 baits per property).

Riverina LLS will deliver FOX-OFF<sup>®</sup> baits to:

- Junee Reefs Hall on Tuesday 17<sup>th</sup> March at 9 am
- Illabo Pub on Wednesday 18<sup>th</sup> March at 9 am
- Bethungra Fire Shed on Thursday 19<sup>th</sup> March at 9 am
- Nangus Hall on Tuesday 24<sup>th</sup> March at 8.30 am
- Wantabadgery Hall on Tuesday 24<sup>th</sup> March at 10 am

**\*\*Fresh baits are also available if desired but must be pre-ordered with the Riverina LLS at least 3 days prior to the collection date.**

*Riverina LLS is also offering landholders the chance to participate in a Feral Fighters Program which gives landholders free pesticide training during the prescribed months of the control program, an aerial map of your property for planning purposes and 30 free baits during the autumn and spring fox and wild dog program. To register for this please contact Richard Lloyd on the number below.*

If you would like to participate in the program please contact:

Brain Curry (h) 0269 738 643 (m) 0488 738 643

George Brabin (h) 0269 247 239 (m) 0427 247 239

Jacinta Christie, Murrumbidgee Landcare Inc. (m) 0431 953 778

Richard Lloyd, Riverina Local Land Services (m) 0427 012 739

You **MUST** bring your current Chemcert card to obtain the baits
