Field Day - Yass

Sunday 24th June
9.00 am to 3.30 pm

Yass Golf Club
Worth St Yass

*Followed by visit to a local
property in Yass in the afternoon*

Murrumbidgee Landcare invites you to attend a Field Day on Managing Horses on Small Properties.

The day will be presented by **Jane Myers** (Equiculture, expert on horse management and author of "Managing Horses on Small Properties") together with **Alison Elvin** (Natural Capital, local expert on weed and pasture management).

Come along to get specific horse, pasture and weed management advice relevant to your property!

The field day will include:

- 1 Presentation of sustainable horse properties including good and bad examples to provide participants with some firm ideas about how to design their own properties,
- 2 Discussion of your property layout, and advice on how best to set up your property (don't forget to bring in an aerial photo of your property, if possible), and
- 3 A field trip to a local property to discuss property planning principles. This will consist of a walk-and-talk, drawing on key points from the morning session. Local weed and pasture management expert Alison Elvin will be on hand for this session to answer questions about our local weeds and pasture issues.

Please bring to the field day:

- An aerial photo of your property - either a hard or digital copy (eg Google Earth, on USB stick),
- Pen and paper for the morning session,
- A hat, sunscreen, water, sturdy shoes and wet weather gear for the afternoon session.

Registration

Murrumbidgee Landcare are heavily subsidising this event, to allow us to bring it to you for the cost of just \$20 per person. This includes morning tea and lunch, as well as a copy of Jane's booklet "Small horse properties: A management guide".
