

Funding available for Landowners in the Molonglo Catchment!

A new round of funding is available for rehabilitation of riparian areas (including rivers, creeks, gullies and drainage lines) through on-ground works.

Funding assistance is available for **fencing; stock water; tubestock and direct seeding**. Funding is also available for perennial pasture establishment.

High priority areas include Molonglo River, Woolshed and Reedy Creeks, Upper Molonglo and Burra Creek Catchments. Medium priority areas include Jerrabomberra Creek and Upper Queanbeyan catchments.

Applications are open to both individuals and groups. Landowner contribution is negotiable.
