

FIND NEW WAYS TO MAKE PROFITS FROM YOUR FARM

Do you feel like you are working harder and harder to make a living from your farm?

Register now for a 'more profitable farming' workshop near you.

Food Innovation Australia Limited and RDA-Murray invite you to join a workshop series that is supporting development of new agribusiness opportunities in our region.

These practical workshops offer you an opportunity to review your current business model and identify new ways to tap into higher returns for your crops, livestock or fresh produce.

LOCATION	Workshop 1 (10am – 3pm)	Workshop 2 (10am – 4pm)
CULCAIRN	28 June	26 July
COROWA	27 July	16 August
CORRYONG	25 September	TBC
DENILIQUIN	26 September	TBC
WENTWORTH	28 September	TBC

WHY SHOULD I GO?

Over the course of two one-day workshops, we will work with you to review your current business model, identify opportunities and develop new plans for your agribusiness.

- > hear how farmers and producers in our region have made changes to their business and are now reaching more profitable markets
- > connect with leading food industry experts, agricultural scientists and researchers who can help you identify how you can improve profitability through accessing new markets
- > meet other farmers in your community who also want to develop a thriving business in a complex and changing environment

HEAR WHAT FARMERS THINK ABOUT THESE WORKSHOPS

Watch interviews with farmers who attended the first more 'profitable farming' workshop at Culcairn.

[Click the tv icon to watch.](#)

Changing consumer tastes offer new profit opportunities for grazing, cropping, dairy and irrigated horticulture enterprises in our region.

OUR GUARANTEE

After completing these workshops you will be 'farming smarter', have your own blueprint for a more sustainable, viable farm, and an inspired vision for where you want to be.

COST

The registration fee is \$550 (inc. GST) per farming business. This includes up to two members from the one business to attend the two days.
