

Sustainable horse management on small properties – community seminar and field days

One Day Seminar:

Jane Myers MSc (Equine Studies), educator and author of the book **Managing Horses on Small Properties** will deliver a one day seminar which will cover the topics below:

- Pasture improvement
- Grazing management
- Property design and horse facilities
- Water protection, conservation and supply
- Manure management
- Trees and plants
- Horse health and behaviour

Seminar Date/Time: 9.30am-3.30pm, Saturday 19th November 2011

Location: Jim Snow Room, RB Smith Community Centre,
262 Crawford St, Queanbeyan, NSW

Cost: \$10 per person (RSVP Tues 15th November)

Community field days:

Jane Myers (expert on **horse management**) together with **Alison Elvin** (local expert on **weed and pasture management**) are holding four community field days which provide valuable horse, pasture and weed management advice relevant to your property. For further details please request our *community field day brochure*.
